CONTINUOUS THREADED CLOSURES

PRECISION CONCEPTS

Diverse Portfolio of Closures

We offer a diverse line of closures that complement our Jars, Packers, and Canisters to fit your specific application. With options in both continuous-thread (CT) and child-resistant (CRC), our closures come with various liner options, including foam, pressure sensitive, and heat induction, to ensure the safety and freshness of your product. In addition, our digital printing and labeling capabilities can help you showcase your unique brand and stand out on the shelf. Closures can be produced with up to 100% post-consumer recycle (PCR) content to support sustainability initiatives.
